MODEL 4410P

PANEL-MOUNTED WATTMETER

DIFFERENCE DATA SHEET

FOR USE WITH

MODEL 4410 INSTRUCTION BOOK

Model 4410P Panel-Mounted Wattmeter is electrically equivalent to the portable model 4411. It has a back door for battery replacement, a Universal Instrument-type ac connector and 150/230 V rear selector switch, and fits into a 5 1/4 inch space of standard 19 inch racks. RF Quick-Change Connectors can be changed without dismounting the 4410P from its rack.
